### HASKELL EXONERATED BY SPECIAL COMMITTEE

By Associated Press.

Guthrie, Okla., Mar. 18.—Governor Haskell was exonerated on the charge of misappropriation of state funds, in the report filed today by the house committee, of five democrats and two republicans. The committee held that in each instance there had been no misappropriation, inasmuch as the services paid had actually been performed and that there could be no misappropriation in the absence of Taft. The committee admitted however that a number of vouchers had been drawn against funds appropriated for other purposes.

The report was signed by Chairman Smith for the members of the committee, but the fact was set forth that the two republican members believed Haskell had violated the constitution in the employment of W. B. Anthony, as his private secretary.
